

The urban lots managed by the Nevada Division of State Lands were acquired with funds authorized by the Tahoe Basin Act and subsequent programs. These parcels are recognized as environmentally sensitive and management of these parcels as conservation areas is an important part of the State’s commitment to preserving the water quality and clarity of Lake Tahoe. Use of these parcels for snow storage may be permitted provided that the natural landscape is not disturbed and State Lands determines that there will be no environmental damage to the property.

**APPLICATION FOR USE OF STATE OWNED TAHOE PARCELS**

Applicant’s Name: \_\_\_\_\_ Date: \_\_\_\_\_  
Applicant’s Address: \_\_\_\_\_ Telephone Number(s): \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Assessor’s Parcel Number (APN) of the state owned properties being requested for use, street and Township of the individual parcels:

| <b>APN</b> | <b>STREET</b> | <b>TOWN</b> |
|------------|---------------|-------------|
|            |               |             |
|            |               |             |
|            |               |             |
|            |               |             |

If additional space is needed, attach an additional page with the above requested information.

Describe in detail what activities you plan on conducting on state owned parcels:

This application requires a non-refundable (\$200.00) Commercial and (\$100.00) Non-Commercial application fee to be submitted with this application. Use of each parcel being requested is for \$250.00 per year. This is due at the time of the approval of the permit by the State Lands Administrator.
