Has anyone had success in working with "hotels" to lawfully convert them to housing? I'll follow up after the meeting.

**From Me to Everyone 10:28 AM**

Take a look at Durango Colorado, I recently attended an APA webinar about their efforts in converting motels into housing.

**From HSullivan to Everyone 10:37 AM**

City of South Lake Tahoe, CA adopted a hotel conversion ordinance a few years ago to allow motel owners to convert rooms to SROs. Ordinance requires electric upgrades, some ADA requirements, etc. Best person to contact would be Lydia Zuniga in the Community

Development Dept. or Zach Thomas, the Housing Manager:

for BLM public lands, the America The Beautiful Initiative for conservation would be implemented or manifest via Resource Management Planning that decides on conservation-type designations and locations.
